# DESPERATE FIGHT.

Nine Times the Brave Japanese Charged the Fortified Hights at Kin Chou.

### CARRIED AT BAYONET'S POINT.

The Most Terrible Hand to Hand Encounter That Has Thus Far Characterized the War.

The Jap's Left Throughout the Action Was Exposed to An Enfilading Fire From the Russian Infantry and a Gunboat.

Tokio, May 30.—The details of the fighting at Kin Chou emphasize the heroic tenacity of the Japanese in their conduct at Nanshan. Nine successive times the Japanese charged the fortified heights in the face of a storm of death dealing missiles and in their last effort they carried the forts and trenches only after a bayonet to bayonet conflict with the Russians, who made desperate despairing struggle to beat back the oncoming hordes.

The final assault of the Japanese in which they at last succeeded in taking possession was marked by the most desperate hand to hand encounter that has thus far characterized the war. The Japanese left, throughout the entire action until night, was exposed to an enfilading fire from the Russian infantry, a gunboat on Talienwan bay and four 9-centimetre guns posted at Tafengchen. At a critical moment the ammunition of the artillery ran low and it was decided to cast the remaining ammunition into one final desper-

Fortunately however at the moment this decision was reached the Japanese squadron in Kin Chou bay, which had ceased bomharding when the infantry had first moved forward, suddenly resumed the shelling of Nanshan. Then It was that the issues of the day were determined at a moment when the outcome was fluttering between success and defeat for Japanat that moment was an almost certain repulse converted into victory so successful that the forces of the czar were swept into confusion and disorderly retreat. With every Japanese gun centering its fire upon the Nanshan forts and trenches, the Japanese infantry sprang over the bodies of the dead comrades who had sacrificed their lives in the previous fruitless charges. The entire line rushed for ward toward the Russian left, where the fire of the Japanese squadron had proved most deadly and which was the first to weaken under the death dealing hombardment. And it was there that the first breach was made in the human stonewali that all day had been an invincible barrier to the impetuous assault of the brown men.

It was the fourth division of the Osaka men that stormed the Russian left. It had once been said that Osaka men were not brave. It will never be said again.

The first division of Tokio, which nad the center and the third division of Nagoya occupying the left and which had been exposed all day to tho Russian fire against the front flank. now followed the example of the Osaka men and rushed forward and the hattle became transformed from an artillery duel into one of personal eonflict, with the bayonet as the instrument of warfare. On every parapet the restiess, death-defying Japanese surged forward in increasing numbers and hustiing the Russians from their intrenchments, swept over the hill. At 7:30 o'elock as the sun was sinking beneath the horizon the flag of the land of the Rising Sun floated above the blood sodden Nanshan hiii, while the shouts of "Banzai" swelled from bill to hill and re-echoed from squadron to fort.

The Japanese paid for their victory in 3,500 killed and wounded. To the Russians humiliation of defeat was intensified by the loss of 68 eannon and 10 machino guns while lying dead In the fort and trenches were 500 men, the victims of the accuracy of Japanese long distance marksmanship and of close range fighting.

A Big Increase in the Output of Oil Is Reported.

Lexington, May 30.—The Kentucky-Tennessee field shows 11 completions during the week, with a new production placed at 300 barrels. The best strike was made in Wayne county, in the Slickford division, and shows up for 100 barrels daily. Six other strikes were made in Wayne county. Knox county shows two completions and Cumberland county one.

In the upper developments a 20-barrel strike was made in Estill county, and a small producer came in in the Bath-Rowan division. Work in the latter field is almost at a standstill and the production has greatly fallen off.

A recent strike in Tennessee is attracting renewed interest toward the development of that state.

The runs from the Kentucky-Tennessee field for May will exceed those of April by over 30,000 barrels, principally the production of the lower field, in which some hig producers were drilled in during the earlier part of the

Seven Freight and Coal Piers of the D. L. & W. Road in Jersey City Destroyed.

### LOSS IS FIVE MILLION DOLLARS.

From 30 to 200 Small Boats and a Number of Freight and Coai Cars Were Burned.

Crossed Electric Wires in New Orleans Caused a Property Loss in Wholesale District Estimated at Half a Million Dollars.

New York, May 30.—Seven freight and coal piers of the Delaware, Lackawanna & Western railroad in Jersey City were destroyed by fire that started ahout 5 o'clock Sunday afternoon in pier 12 on which a lot of barrels of oil were stored. The flames spread rapidly. Pier 12 was 800 feet iong and was soon ahlaze its entire length and the firemen who were trying to fight the fire from the shore were able to accomplish but little.

The flames swept across to pier 11 and beyond, being finally checked at pier 5, which is a new coai trestle, steel framed and iron clad. Here the firemen and fire boats made a desperate stand and stayed the advance of the fire until the burning piers crumbled and fell into the water. Although there was but little wind, sparks fell all along the water front for the better of a mile, endangering the Lackawanna depot and even the Hamburg-American line and Bremen line piers, where the firemen were kept busy playing streams of water upon the buildings and over the ships at their docks.

The huilding of the Hoboken Coke Co., five blocks from the main fire. was set ablaze by hurning brands but the firemen responded quickly and the building was only slightly damaged.

A number of canal boats and several tugs were burned, the loss of smail hoats being variously estimated at from 30 to 200.

The number of freight cars burned is not known, but on this class of rolling stock and on coai cars the loss wili be heavy.

New Orleans, May 30.-A fire caused by crossed electric wires did about half a million dollars damage Sunday. The Louis H. Riee saddlery factory, the Simmonds Manufacturing Co. and the Meig, Brady & Lineoln woodenware establishment were destroyed and a half dozen others damaged. The fire was in the heart of the wholesale district and was well fought, being stopped short of two oil companies and several big drug establishments. Insurance \$350,000.

## FIRE AT MONTGOMERY.

Cordage Plant Destroyed With a Loss of \$400,000.

Montgomery, Ala., May 30.-Fire destroyed the plant and warehouse of the Alabama Compress Co. here, entailing a loss estimated at \$400,000, which is practically covered by insurance. The plant is located in a suburb of Montgomery and about a mile from the nearest fire station. The blaze originated in the storage department and spread rapidly. Between the plant proper and the warehouse where was stored 4,600 bales of cotton was a parapet wall 20 feet high huilt for fire protection. The flames leaped this wall and the warehouse was ignited. A strong wind was blowing at the time and it was a matter of minutes to see that the flames could not be extinguished.

# THE BOB-WHITES.

Department of Agriculture Has Been Making an Investigation of Their Economic Value.

### ARE THE MOST USEFUL ON FARMS.

Experiments and Examinations Show That These Birds Consume Large Quantities of Weed Seed.

They Destroy Many of the Worst Insect Pests With Which Farmers Contend, and Do Not Injure Grain, Fruit, Etc.

Washington, May 30 .- The ornithologists of the department of agriculture have been making an investigation of the economie vaine of the bob-white as a result of which it is now announced that that bird is "probably the most useful abundant species on the farms."

Field observations, experiments and examinations show that it consumes large quantities of weed seeds and destroys many of the worst insect pests with which farmers contend and it does not injure grain, fruit or other crop. It is figured that from September 1 to April 30, annually, in Virginia alone, the total consumption of weed seed by hob-whites amounts to 573 tons. Some of the pests which it habitually destroys, the report says, are the Mexican cotton boll weevil, which damages the cotton crop upwards of \$15,000,000 a year, the potato beetle, which cuts off \$10,000,000 from the value of the potato crop, the cotton worms, which have been known to cause \$30,000,000 loss in a year, the cinch bug and the Rocky Mountain iocust, scourges which leave desolation in their path and have caused losses to the extent of \$100,000,000 in some years. The report urges measures to secure the preservation of the bobwhites in this country.

Discussing the prospects for the silk industry, Dr. L. O. Howard, the entomologist of the department of agriculture, in an official treatise, says:

"The department is justified in its initiatory effort to create the conditions for a constant supply of cocoons. It can keep up its reeling work and of congress. The outlook for what we have termed a more natural market is tions of the United States well adapted to silk raising, many places which might well become silk centers, where labor can be employed practically at rates comparable to those of Southern Europe. The establishment of a silk mill in such a location with its own filature attached with the surrounding people employed as operatives in both filature and mills and with the otherwise unoccupied members of their households engaged in silk raising in the spring, is Teasible and can be made to pay. That in some of these ways the natural market will come seems possible and even more than possible. It is reported from Washington City that Mormon Smoot can keep his seat in the Senate if he holds Utah in line for the Republican electoral ticket this fall. Anything to win, seems to be the motto of the present administration.

The Columbus Citizen, in sharp thrusts at the work of the Ohio Republican State convention, said the platform "is as colorless as a goose feather in a snowdrift;" the nomination of Laylin for third term for Secretary of State and State Supervisor of Elections, "is a tribute to his nsefulness to the Republican machine," and "means nothing else;" that George B. Cox is described as "sitting like a sphinx in the convention;" in the original Egyptian the word sphinx is written "atoughton bottle."

CONGRESSMAN LIVINGSTON, of Georgia, expresses amazement at the cold-blooded way in which Republicans consider public questions. "They seem to regard every conceivable subject from a party standpoint," says Mr. Livingston. "Reminds me of a story they tell about a New York drimmer who died suddenly in an Atlanta hotel. The Coroner telegraphed to his firm, saying: 'Your representative died here to-day. I await your instructions.' In a few hours this answer came back: 'Search his pockets for orders. Express his samples to New York. Give the body to a medical college."

To Congressman Kehoe's Declaration on State Chairmanship-Party Should Control Committee and Not Committee the Party.

Senator McCreary, Congressman Kehoe and a number of ther political leaders held a conference at Lexington Friday night to further the candidacy of Mr. Kehoe for Chairman of the State Central and Executive Committees. After the meeting, Mr. Kehoe stated he was in the race to stay, which sets at rest all doubts as to his candidacy for the Chairmanship. In an Interview he said:

"Yes, I am a candidate for Chairman of the State Committees and if elected two things may confidently be expected from the organization-it will be fair, and win.

"I am in favor of the people electing all committeemen after due notice of the time and place of election, and opposed to vesting any person or set of persons with the power of removal and appointment of committeemen. I believe the party should control the organization, and not the organization the party.

"I am opposed to all Democratic nominee-making machines, and want our nominations made by the majority of the voters of our party and every candidate to have an equal chance and fair count.

"Having served as Precinct, County tory organs. and District Chairman, I fully realize the necessity for a practical party organizabut it must be such as will he entitled to and have the confidence and esteem of Democrats, the fear of Republicans and the respect of all fair-minded people."

Mr. Kehoe has made a canvass through Northeastern Kentucky and said that everything is satisfactory to him and that from reports he had from all parts of the State his election is assured.

Cincinnati Warehouses May Have to Close Their Doors For the Summer.

CINCINNATI, May 28th.-ft was supposed that last week's light market was the record for scant offering, but that record was again lowered this week, and the market has dwindled down now to such small proportious that it seems as if the warehouses will be forced to close their doors for the summer and until the new crop begins lo come forward in December next.

The total offerings this week were but fifty-six hhds, of which thirty-one hhds were of the new crop of tobaccos and twenty-five hads of the old. The quality of the new was generally inferior and the condition poor, much of it being in soft order and showing the need of rehandling. A few packages of medium and good leaf were consin, Miss Celia Hulchison, of Forest scattered through the warehouses, selling at 1%c to 174e.

> The few hhds, of old tobacco sold were a little better in quality, the greater portion ranging rom 10%e to 17%e.

# ANOTHER FEATHER IN OUR HAT.

When we moved to Maysville three years ago we were told that the reason Maysville could not sell lots of dry goods and nice goods that most everyhody in town did their shopping in Cincinnati (from the stocks that were carried here then we could not blame them). Then the merchants of Maysville use to line up on Market street every night when the So'clock train arrived to see the people pass by with their arms full of packages. We knew the remedy and applied it. The best stock in Northern Kentucky is here and Maysville's trade is with us,-in fact it's a rare sight to see a lady with a package from Cincinnati. The C. and O. R. R. has bowed its head in defeat. We have inside information that after June 5th there will be no more 8 o'clock train. ALL HAIL MERZ BROS., Maysville's greatest institution.

#### DEATH'S HARVEST.

lr James Parker Died Suddenly Saturday While Visiting at Lewisburg-Mrs. Ehenezer Thompson Succumbs to Paralysis-Mr. Louis Cook Passes Away.

Mr. James Parker of the Fifth ward, an employe of the James H. Hall Plow Company, was stricken with heart disease Saturday at 10 o'clock at Lewisburg and expired almost instantly. He had gone to Lewisburg to visit relatives and was in a blacksmith shop talking to some friends when the fatal attack came.

Mr. Parker was a son of John Parker and was born and raised near Orangeburg. He was about forty-five years of age and leaves one brother, five sisters and many other relatives in this city and county. He was an industrious citizen and a faithful worker in the Second M. E. Church, South.

The remains were brought to his home Saturday evening and the funeral took place this morning at 10 o'clock at the above-named church, Rev. H. E. Roseberry officiating. The services were under the auspices of Wyandotte Tribe No. 3, I. O R. M. The remains were taken to Olivet Cemetery for interment.

MR. LOUIS J. COOK.

Mr. Louis J. Cook died Sunday mornng at the residence of his mother, Mrs. Anna Cook, of West Second street, after a long and pairful illness, at the age of forty-eight. He had been a cripple since he was three years old, and for the past fifteen or twenty years had not been able to leave his home without assistance. 'Louie," as he was familiary known by the older citizens, had almost been forgotten he had been confined to the house so long. His years of suffering was borne with patience during his long confinement, and death was no doubt welcomed as a relief.

The funeral will take place Tuesday morning at 9 o'clock at St. Patrick's Church. Burial in the cemetery at Washington.

MRS. E. J. THOMPSON. Mrs. E. J. Thompson, whose illness nad heen mentioned, died Satur lay night at 9 o'clock at the family residence on Second street, Sixth ward. Mrs. Thompson was stricken with paralysis seven weeks ago Friday, and had lingered in an extremely critical condition. She was born near Shannon and was sixty-five years of age. Her husband survives, and has the sympathy of his friends in his bereavement. Deceased was a Miss Styles, and leaves many relatives in the

county. The funeral took place this morning at Shannon Church, Rev. Dr. Evans of this city officiating. Interment in Shannon
